Firstly, I would like to extend a cheerful welcome to the scholars in the new academic session of the University.

Friends, few days ago we have celebrated the International Yoga Day on 21st June, 2016 that affirms the importance of the physical fitness in our daily life. Usually, the word Yoga is connoted with some physical or breathing exercises but in reality it has extended to the cultivation of the purity of the thoughts (i.e. meditation). In deeper means it is a way to the mental union of the individual immortal soul with the Supreme Being. The Supreme Being is a beautiful blend of the joy and happiness that is hidden under our ignorance and consequently compels you to search the joy outside. Here, the importance of Gurú (teacher) realized, who reveals the immortal soul (extreme truth) to you, by removing the darkness of ignorance that result in love, truth, peace, purity and power. The Gurú in real sense is not a physical form but a Cosmic Principle, which may or not operate through a human being. Therefore, I take this opportunity to thank the Gurús, who conveys the highest responsibility of the nation, using following verse:

गुरुबुर्द्ध्यात्मनो नान्यत् सत्यं सत्यं न संशयः ।

तल्लभार्थं प्रत्यनस्तु कर्तव्यो हि मनीषिभिः ॥ (9th aphorism of Guru Gita)

(The Gurú (your essential nature) is no other but the conscious Self (ātmanah). This is the utter truth and only the truth. There is no doubt about it. In order to obtain this conscious Self, an effort must be done by the wise undoubtedly. In short, the duty of the wise is that he/she must do an effort to obtain the conscious Self)

Education is not only an instrument to enhance students' employability, but in real sense it expands the mind and soul. To master this instrument (Education), need of instrumentalist (Guru/Teacher) is vociferously advocated, who is a link between education and student. Therefore, the role of the teachers in shaping up the minds of tomorrow is vital. And the good teacher always remains an essential need of every society in every time zone, who knows their subject matter well and understand the social and emotional needs of the students for their overall development by enhancing their knowledge and skills. I feel proud to acknowledge the contribution of highly qualified, dynamic and multi-talented faculty, non teaching staff and my students, in progress of the University.

in our hand that covers the major activities, triumphs and events of the quarter viz. 1st April, 2016 to 30th June, 2016. It is wonderful to look back at the last quarter of UOK, when there is so much to feel proud of and so much to celebrate in terms of accomplishments and accolades in scholastic, co-scholastic and infrastructural development areas. The quarter envelopes the major celebrations that includes Annual prize distribution day, Dr. B. R. Ambedkar birth Anniversary, International Yoga day, Mega Musical night of Punjabi singers, World Earth Day etc. University successfully organized a refresher course in computer application under the sponsorship of UGC-MHRD, JNV University, Jodhpur Ph.D. coursework, one week-workshop for wildlife students, etc. In the academic session 2015-2016, thirty students of our University had obtained annual DCM Shriram Ltd. scholarship. University accomplished the responsibility of conducting State level-PTET Examination 2016 and declared its result on time. Moreover, we received

international recognition through prestigious Higher Education Partnership (HEP) Newton-Bhabha programme to enhance research and innovation capacity through bilateral industry-academia linkages. Eminent personalities are invited from all walks of life to address our students and expose them to new ideas and experiences. The success of UOK in all spheres is the united product of our little efforts.

In the end, editorial team encouraged, well in time submissions of the accomplishments of the departments. All University personnels and departments are welcomed to comment on the content, and suggest for the coverage, which will motivate us to work better.
